

UW NOTEPAD

DESK COVERED IN POST-ITS?

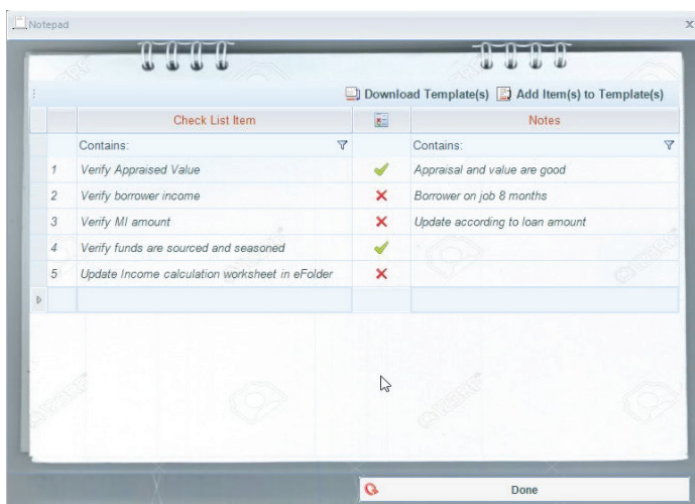

The UW Notepad provides the Underwriter the ability to track specific items that are significant to the loan approval process. The UW Notepad will default a list of tasks that the UW should perform on a given loan. The UW can use that list to track the status of those items.

Underwriters can add notes, mark items complete or leave open as a reminder of what still needs to be reviewed for the loan. The UW Notepad is only accessible to Underwriters, so adding private notes to a file is never a problem.

LOAN-O-METER:

As items are completed, the UW Notepad will calculate open items vs. completed items so the Underwriter can prioritize their pipeline and adjust their priorities accordingly.

This calculation is presented in the Loan-o-Meter & is easily displayed within the loan.
